

Associate of Arts Journey

Associate of Arts – 60 credits

General Education Requirements – 36 credits

Note:

Of the total 60 credit hours, 36 must be selected from the general education requirements shown below outlined by the state of Idaho. The remaining 24 credit hours will be chosen from the pathway of a student's choice. In the AA Degree, of those 24 credit hours, a greater emphasis will be put on social sciences and humanities. An advisor will help the student pick those 24 credits so he/she will complete the classes most beneficial for his/her chosen field. These 24 credit hours will also ensure that if students choose to go on for their Bachelor's Degree, they will arrive at the University of their choice as true Juniors.
