

College of Eastern Idaho
Student Laptop Loaner Program
June 16, 2021

College of Eastern Idaho has determined that a worthy and helpful use of HEERF funds to benefit students as they adjust to the impact of the COVID-19 Pandemic on their education, is to offer loaner laptops at no cost to eligible students. As an incentive to students to complete their programs and achieve their degrees and/or certificates, the students may keep the laptops upon graduation. Otherwise, the students will be expected to turn-in the laptops when they discontinue their courses at the College. This is a test and temporary program and may be discontinued or continued at the discretion of the Administration. Laptops will be distributed to qualified students on a “first come, first serve” basis. Details of that process are explained below:

I. **Qualification Criteria (Student Affairs)**

- A. Student must be degree seeking and registered for 12 credits or more at the time the loaner is requested.
- B. Student must have tuition and fees paid in full or with financial aid funding, or payment plan signed with first payment made.
- C. Student must be in good financial standing with CEI including no past due balances or holds for library fines.
- D. Student cannot have an Admission hold for any missing transcripts. (If a student takes care of hold they can then be issued a laptop if all other criteria are met.)
