

**Dr. Angela Sackett** has accepted the Dean of General Education position at College of Eastern Idaho (CEI).

Dr. Angela Sackett is an Idaho Falls native. She attended local schools and graduated from BYU-I (formerly Ricks College) and ISU with degrees in Microbiology. During her time at ISU, she spent nearly two years on a fellowship with Associated Western Universities at Idaho National Laboratory. She worked on various remediation projects, which included a project using microbes to degrade hazardous chemicals.

In 1997, she graduated Summa Cum Laude and with the honor of a

Distinguished Student Doctor Award from Cleveland Chiropractic College in Kansas City, Missouri. During her time in college, she held many teaching assistant positions.

Dr. Sackett opened a solo practitioner chiropractic office in 1998 in Idaho Falls. She practiced chiropractic for 11 years and sold her practice in 2009.

Dr. Sackett began teaching at EITC in 2013 as an adjunct instructor. During her time at EITC and subsequently CEI, she has taught many courses including Anatomy and Physiology and Microbiology classes within General Education and Career Technical Education. In August of 2018, Dr. Sackett became the Department Chair for Science and Mathematics at CEI. She worked for a year in this position before transitioning to the Interim Dean of General Education position in August 2019.

CEI is confident that she will continue to be a valuable asset and leader at our growing community college.
