

Fernando Sandoval has been selected to serve as the Senior Coordinator, Job Corps at College of Eastern Idaho (CEI).

Fernando comes to CEI with a master's degree in public administration from Idaho State University and years of experience with governmental agencies and non-profit organizations. He has spent the last few years working as a rehabilitation consultant where he has honed his skills and abilities in leadership, management, communication, and problem solving.

As the first person in his family to graduate from college, he can relate to the obstacles students may face as they navigate job and educational opportunities and he is excited to have the opportunity to offer guidance and support.

CEI is confident that Fernando will prove to be a valuable member of the team and a skilled leader at our new and growing community college.
