

Albert (Ray) Fox has been selected to serve as the Chief Information Officer at College of Eastern Idaho.

Ray comes to CEI with an MBA in Business Administration (Information Assurance emphasis) and extensive experience in the information technology field.

Ray began his career in the U.S. Army where he directed the installation and maintenance of communication and computer networks in two combat zones. After 23 years, he retired from the military as a Signal Officer and continued his career in the private and government sectors.

Most recently, Ray served as a cybersecurity analyst where he was deployed across the country as part of incident response teams.

CEI is confident that Ray will prove to be a valuable member of the team and a skilled leader who will contribute to the mission of the community college.
