

Robert Odenthal has been selected to serve as the Chief of Security at College of Eastern Idaho (CEI).

Robert has been providing campus security as an armed Sheriff Security Officer for a college in California for over 10 years. During his tenure, he worked closely with campus staff to create policy and safety protocols to benefit both staff and students. He was trained by the Los Angeles County Sheriff's Department on active shooter response, has been trained in emergency management, and was an integral part of his college's emergency response team.

He comes to CEI with several certifications and is currently pursuing a bachelor's degree in Homeland Security and Counterterrorism. Robert is excited to be relocating to the Idaho Falls area with his family.

CEI is confident that Robert will prove to be a valuable asset and leader at our new and growing community college.
